Disability North Direct Payment and Health Budget Support Service

We recognise that employers may need varying levels of support. If you require something that does not appear to be listed or you would like a bespoke package, please get in touch and talk to us.

We can provide one off set up packages. There are three options; Rapid Set Up, Standard Support, and Support Plus:

Rapid Set Up - £165

This option is suitable for employers with established packages moving across to our support service, or if you already know the Personal Assistant(s) (PA(s)) you wish to employ and are confident in the process.

This option, alongside access to the PA register, could be particularly useful for Local Authorities or Clinical Commissioning Groups to refer Service Users to during the COVID 19 situation.

Standard Support - £250

Suitable if you require a lower level of support and are confident in adapting template information.

Support Plus - £300

Suitable if you require a higher level of support and would like personalised material.
